

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

is filler while i try
to figure out what
to say; a question
as to how the
statement came to
be;

Having
superpowers.
things that aren 't
physically possble
at the moment
everything

Arhitecture is
really about well
-being.I think
that people want
to feel good in a
space.

my dream for the
future having
completed my
post graduation
in anaesthesia,

Collect ideas
for different
rooms based
on the 'feei' you
want in them.

Look through design
sites,pinterest,instagram
and sketchbook.

postures movements,
nonverbal and verbal
behavior all can be
observed watching people,
seeing their behaviors,
looking at their behaviour
performance, is interesting
for many reasons.

Decorating a
residential home or
commercial
business according
to a client's personal
preferences and
style.

In my opinion we
cam imagination is
not a crime. it has no
limits.it always we
developped the abiliy
to imagine thing in
order to survive.

fear is the
respons to a
pearceived
threat,while anxiety
involves worry
apout a threat that
has not yet.

A weel-
designedspace
can inspire posire
positive emotions
and provide
asense of refuge.

when aperson feels
fear they are
morelikely to act
aggressively towards
others. some
psychologists believe
that aggression fear of
scarce resources.

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
